The daily guide to sports programming.

The 2007 NFL FOOTBALL POOL POCKETGUIDES

The time has come again to prepare for another outstanding year of parody and unpredictability or as everyone else calls it the **National Football League** regular season. As a customer loyalty program from us to you and from you to your customer we would like to offer **Sports Menu's NFL Pocket Guides and NFL Pool Program**. The Pocket Guide provides the customer with a quick reference of the season schedule, previous year's standings, and statistics.

These guides are exclusive to the Pubs, Sports Bars, Hotels and Golf Courses which Sports Menu services.

For **\$100 + GST** you will receive **20** books and each additional **10** books cost **\$20 + GST**. You will also receive a set of weekly sheets, which makes your NFL pool easy to organize and track, plus the results of the weeks' action every Monday *morning* during the regular season.

No order will be filled without payment before the deadline. We also offer credit card payment ordering.

Once again these books are only available through Sports Menu and therefore only available to Sports Menu customers. Do not leave anyone out. Your customers will appreciate the extra value of our pocket guide no matter how large or small the pool.

Orders must be received by July 16th

(Call for details about credit card ordering)
